转向系统 / STEERING SYSTEM

This technical diagram illustrates the components of a steering system in an exploded view. The parts are numbered 1 through 27. Key components include:

- Steering Column (14):** The central shaft of the system.
- Steering Knuckle (13):** The lower part of the steering assembly.
- Steering Arm (15):** The upper part of the steering assembly.
- Steering Rack and Pinion (16):** The mechanism that converts the rotation of the steering wheel into the movement of the steering knuckle.
- Steering Wheel (17):** The wheel that the driver turns.
- Steering Knuckle Arm (18):** The arm that connects the steering knuckle to the steering rack.
- Steering Knuckle Pin (19):** The pin that connects the steering knuckle to the steering rack.
- Steering Knuckle Bush (20):** The bush that fits between the steering knuckle and the steering rack.
- Steering Knuckle Pin (21):** The pin that connects the steering knuckle to the steering rack.
- Steering Knuckle Pin (22):** The pin that connects the steering knuckle to the steering rack.
- Steering Knuckle Pin (23):** The pin that connects the steering knuckle to the steering rack.
- Steering Knuckle Pin (24):** The pin that connects the steering knuckle to the steering rack.
- Steering Knuckle Pin (25):** The pin that connects the steering knuckle to the steering rack.
- Steering Knuckle Pin (26):** The pin that connects the steering knuckle to the steering rack.
- Steering Knuckle Pin (27):** The pin that connects the steering knuckle to the steering rack.

The diagram shows the assembly sequence and the relative positions of these components. A small logo with the letters 'FTD' is visible in the bottom left corner.
